

THE 24th CONFERENCE ON THE ELECTRIC POWER SUPPLY INDUSTRY  
第24届东亚及西太平洋电力工业协会大会  
2023.10 中国厦门 XIAMEN CHINA

## Call for Papers Announcement

*Your chance to speak at CEPSI 2023!*

\*An excellent opportunity to provide and present technology and management research results for global energy and power transition.

\*All selected papers will be included in the USB flash disk of CEPSI 2023 Paper Collections.

**Dear AESIEAP Members, Industry Peers in Electric Power & Relevant Sector,**

On behalf of the Association of the Electricity Supply Industry of East Asia and the Western Pacific (AESIEAP) and the Organizing Committee of **the 24th Conference on the Electric Power Supply Industry (CEPSI 2023)**, it is our great pleasure to invite you to CEPSI 2023 to be held in Xiamen, China in October 2023.

With the theme of **Low-carbon Energy Powering a Green Future**, CEPSI 2023, a high-profile international event in the energy and power sector, will join hands with colleagues of AESIEAP members and the international world to explore the energy development prospects and solutions to the key issues, to share ideas and experiences leading the power industry growth, and to build a power community with shared future in the region of East Asia and the Western Pacific.

We sincerely invite you to **submit papers** to the conference and exchange your insights with the industry. Looking forward to seeing you in Xiamen at CEPSI 2023!

For details, please refer to **Call for Papers Manual**. For any further questions, please feel free to contact us.

**Organizing Committee of CEPSI 2023**

Ms. Adele Binbin Hou +86-10-63414333

Ms. Belinda Bingqing Zhang +86-10-63412260

Email: [paper@aesieap.com](mailto:paper@aesieap.com)

Fax: +86-10-63544560

*\*Abstract & full papers shall be submit via the conference website.*

## Important Dates

**Submission of abstract:** May 1 to 31, 2023

**Notification of abstract acceptance:** before June 20, 2023

**Submission of full paper:** June 20 to July 30, 2023

**Deadline for conference registration payment:** September 1, 2023

## Scope of Papers

You may select among the **seven (7) tracks** that suit your area of expertise:

- A. Sustainable power development planning to meet energy transition goals**
- B. Future transmission and distribution network technologies and resilient transmission and distribution systems**
- C. Green energy technologies**
- D. Smart grid, micro-grid and distributed energy technologies**
- E. The power market and regulations that adapt to the transition of power sector**
- F. Electricity sales and customer experience**
- G. Information and communication technologies and innovation, etc.**

The content could cover experience, case studies or best practice research; theoretical or technological research, progress or innovation; market trends and prospects, business opportunity research; policy, regulation and supervision research and recommendations.

**Please kindly refer to the official website [www.aesieap.com](http://www.aesieap.com) for detailed paper categories in each track and submission guidelines.**

Authors with their abstracts accepted are entitled with conference registration fee discount.
